## Acquisition International Announce the Winners of the 2016 International Fund Awards

United Kingdom, February 2016 – Acquisition International Magazine have announced the winners of the 2016 International Fund Awards.

Forced to contend with myriad factors that shape and dictate their industry, from the continued economic recovery and increased bank intervention, to the demand for new products and changes to laws and regulation, the professionals in the global funds industry continue to show the way when it comes to identifying previously untapped areas for growth and diversification.

Through these awards, we aim to highlight not only the funds that, despite the often unpredictable climate in which they operate, have managed to achieve remarkable results, but also the managers, advisors and wealth management specialists whose expertise and experience make them the first port of call for savvy investors.

Discussing the awards, Coordinator Boris Smyslov commented: “These awards pay tribute to the investment firms and the individuals behind them that have worked tirelessly through tough conditions to produce strong returns for their investors. I am extremely proud and honoured to be able to turn the spotlight on our deserving winners and I wish them every success in the future.”

Acquisition International prides itself on the validity of its awards and winners. The awards are given solely on merit and are awarded to commend those most deserving for their ingenuity and hard work, distinguishing them from their competitors and proving them worthy of recognition.
