LIONGUARD U.S. SMALL CAP FUND

LATEST COMMENTARY

LionGuard U.S. Small Cap Fund outperformed its benchmark, the Russell 2000 Total Return index during our inaugural quarter, having returned 15.72% as compared to a 12.70% return for the index.

The sectors where the Fund performed best in comparison to the Benchmark were Technology with 624 bps of relative outperformance and Healthcare with 183 bps of relative outperformance. Sectors where the Fund underperformed vs the Benchmark included Materials with 26 bps of relative underperformance and Consumer Staples with 22 bps.

Our largest drivers of our outperformance came from positions in Donnelley Financial, Bausch Health and Allot. We also benefitted from Perspecta reaching an agreement to sell itself to a private equity firm. At the same time being long KAR Auction, Alteryx and Elanco Animal Health detracted from our performance relative to the index.
